

Sustainability and City Systems Project
PRESENTATION

GROUP NUMBER: _____

CLASS: _____

NAME(S): _____

Instructions: Use this sheet to outline your presentation.

Include the following:

- ☐ Title Slide
- ☐ Index
- ☐ Introduction
- ☐ Section 1: Challenges
- ☐ Section 2: Solutions
- ☐ Conclusion

Introduction

- What system are you presenting?
- Why is it important for sustainability?
- Include brief history of system or interesting fact.

Section 1: Challenges

- Find at least 2-3 challenges for system.
- Create script - don't read from the slides!
- How will the visuals support your information?

Section 2: Proposed Solutions

- Find a solution for each challenge mentioned.
- Create script - don't read from the slides!
- How will the visuals support your information?

Conclusion

- Brief summary of main points.
- What is your call to action? What are you trying to convince the audience to think about?

Roles and Responsibilities

- Who will present each part?
